

NI BIM CONFERENCE

November 25, 2016

8:30 - 15:30

Titanic Belfast, Northern Ireland

For those who Procure, Design, Build &
Maintain Construction Assets

BiM regions

the home of digital construction

The Conference

Event Summary

The NI BIM Regions group will be hosting a prestigious event in November 2016 which will put the spotlight on BIM in Northern Ireland. The event is aimed at those who procure, design, build and maintain construction assets, looking at BIM 'Now and Next', sharing with the audience BIM progress, adoption, NI capabilities, skills, best practice and implementation through case studies and local examples. We have organised for keynote speakers from the UK to also share current practices and future vision with us on the day.

Event Objectives

The Conference is aimed at advancing the level of BIM knowledge and promoting BIM to the industry at the highest level. The speaker line up will provide the audience with an excellent opportunity to meet BIM professionals from leading organizations. The conference reaches to those who understand the power of BIM and are considering implementing it within their role or who have already started on the BIM journey. The event will look at the current state and where we plan to go in the future, how we use BIM to maximise our businesses and the exports of skills and service from NI.

Venue

1 Olympic Way, Queens Road, Titanic Quarter, Belfast BT3 9EP. Titanic Belfast is situated within the heart of Titanic Quarter, just a short walk from Belfast's city centre.
